DEPARTMENT N—2011**

Co-Superintendents:
Chris Martin: 248-1425
Karen Postema: 628-7549

4-H Extension Agent: Roni Baker
(406) 256-2828

Exhibiting in Department N of the MontanaFair is an educational event for 4-H members enrolled in Home Economics Projects, General Projects, Agriculture Projects and Livestock Projects not requiring the exhibition of an animal.

Exhibits are judged in an interview process whereby the member is judged not just on the end product of the project, but on the learning that took place. Judging is done under the Danish system: that is, instead of placing only one exhibit in First, Second, and Third Class, more than one exhibit may be placed in each Class. 4-Her's do not compete with one another for ribbons (except in the awarding of Special Premiums listed at the back of this section). Each 4-Her is judged on his or her own merit according to individual ability, age and years in the project.

4-H is the Youth Education branch of the Montana State University Extension Service. 4-H is available to all youth ages 9 – 19 regardless of race, creed, color, handicap, sex or national origin. The Cloverbud member program is available to children 6 – 8 years of age. To join 4-H in Yellowstone County, call the County Extension Office at 256-2828.

PURPOSE AND OBJECTIVES:

1. Learn skills and knowledge in a project by participating in an evaluation process with a judge having expertise in the project area.
2. Build self-confidence by participating in a one-on-one interview with a judge and sharing what and how a project is learned.
3. Learn better methods of obtaining desired quality of exhibits through a judge's explanation and exchange of ideas.
4. Develop good habits of sportsmanship.
5. Develop teamwork by working with and helping others both (a) in sharing in responsibilities of coordinating Fair and (b) by participating in Fair.
6. Share with the public an idea of what 4-H involves through displaying exhibits, club booths and activities.
